# GM TRUCK/SUV 1500 SERIES
# W6A/W4A FRONT/REAR BIG BRAKE KITS

**GM Truck / SUV 1500 Series Front / Rear Kit with SRP Rotor**

## Kit Features:

- Big brake performance is easy with full bolt-on installation for your front and rear GM Truck / SUV 1500 series vehicle.
- Compatible with 18 inch or larger wheels.
- Six piston W6A calipers for the front and W4A four piston calipers for the rear provide increased clamping performance over OE calipers and are available in a wide range of Wilwood colors.
- Large 14.25" diameter GT rotors are Wilwood's ultimate competition rotor with full detail machining, or order the optional SRP vented rotors for that high-tech look and improved performance of a directional cross-drilled and face slotted pattern.
- Wilwood advanced formula high friction brake pads provide quick response while exhibiting extended fade resistance over OE compound pads.
- Brake lines for these kits must be ordered separately.
