

FOR IMMEDIATE RELEASE:

Wilwood Disc Brakes Continues Partnership with IMCA for 2016 Season

Camarillo, CA • March 2016

Wilwood is pleased to announce the renewal of their contingency sponsorship with the International Motor Contest Association (IMCA) through the 2016 season.

"We pride ourselves on partnering with industry leaders in their respective fields, and no one specializes in braking solutions better than Wilwood," said Kevin Yoder, Marketing Director at IMCA. "We're honored to have them as part of the IMCA support team and look forward to a great season."

IMCA is the oldest active automobile racing sanctioning body in the United States. Wilwood will support select IMCA divisions through product and monetary contingency to multiple finishers in national points as well as at the Super Nationals.

"As one of the leading sanctioning bodies in the United States it's easy to see why Wilwood partners with IMCA," said Jim "Spike" Logue, Race Sales Engineer at Wilwood Engineering. "The IMCA brand has enjoyed continued growth over the years, and we look forward to supporting and educating drivers on the best braking solutions for their race car."
